

# Unit 3

## Listening script

- Janet** Mr Wilson, tell me about Wild Park.
- Mr Wilson** It's a small zoo. We haven't got very big animals like elephants or giraffes. Our biggest animals are the sun bears over there. They can grow to seventy kilos.
- Janet** Those black bears? They're beautiful! Can we go near them?
- Mr Wilson** Oh no, we can't! It's not safe. They're very strong. Here, come into the Insect House.
- Janet** OK. Wow! Look at these butterflies!
- Mr Wilson** Yes, all our visitors love them. Look – those small blue ones are called Miami blue butterflies. They're very rare. They're the rarest animals in the zoo.
- Janet** Right. And what's in that white building? There are a lot of children over there.
- Mr Wilson** We call it the Pet House. Let's have a look ... all the animals in here are friendly and safe.
- Janet** Oh, there are rabbits! They're pretty.
- Mr Wilson** There's a snake here, too. It's not dangerous ...
- Janet** Aargh! No! I don't like snakes!
