

# End of Year 2

## Listening script [1.13]

- Interviewer** Tell me about your summer, Thomas. You've just got back from an adventure holiday, haven't you?
- Thomas** Yes, that's right. I've been travelling with my family. We've explored many wonderful places over the last three weeks, and we've seen lots of wildlife.
- Interviewer** Wow! Was it good?
- Thomas** It's been amazing, but I'm exhausted now. I've been doing lots of different activities. I went scuba diving in the sea, which I always enjoy, and I kayaked over some falls.
- Interviewer** That sounds great! Did you take many photos?
- Thomas** Yes, I took hundreds and I've already posted them on my social media site.
- Interviewer** What was the most frightening thing you did?
- Thomas** It was diving off a cliff into a lake. I'm really scared of heights and it looked terrifying from the top, but my brother convinced me it was safe to jump.
- Interviewer** Did you get any time to relax?
- Thomas** We spent one day on the beach, but I don't like sitting around and doing nothing for long. I tried surfing some huge waves in the ocean while we were there. I hadn't tried surfing before then. I got really good at it and in the end I could stand up by myself on the surfboard.
- Interviewer** It sounds like a really memorable experience.
- Thomas** It was. I can't wait for next summer now!
