This is an introductory lesson for each unit. It is designed for one or two in-class lessons, depending on how much time you wish to allocate to it.

These questions introduce the topic of the lesson and give students a voice in creating a plan for the unit by actively involving them in the decision-making process rather than simply informing them about what they are expected to learn.

This part aims at introducing the main topic of the unit in a fun and stimulating way. It challenges students to think critically and express their opinions in a creative way.

UNIT 4

MEDIA AND ME

- Look at the unit title. What are you going to learn about in this unit?
- Leaf through the unit. Which media are you going to talk about?
- Is there anything else you would like to learn about in this unit?

WOULD YOU RATHER...?

- 1 Discuss in groups. What would you rather do? Why?
Start like this: I'd rather... because...

Would you rather...

TRICKS OF THE TRADE

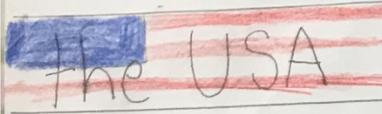

An **entry mind map** as described above can be used throughout the unit and serve as a means of formative assessment. Student can keep it on their own, as an ongoing homework assignment, or you can choose to allow them to work on it for a few minutes at the end of each lesson. Use the example entry map (Resource Bank, Resource 24, p. 284), prepare your own or allow your students to design their own.

It does not have to be in the form of a mind map. It could also be a Know-Want to Know-Learned or KWL (K- what I **k**now, W - what I **w**ant to know/learn, L - what I **l**earned) table or any other format. Have your students decide how they would like to keep track of their progress.

2A HOME SWEET HOME

I can talk about my home.

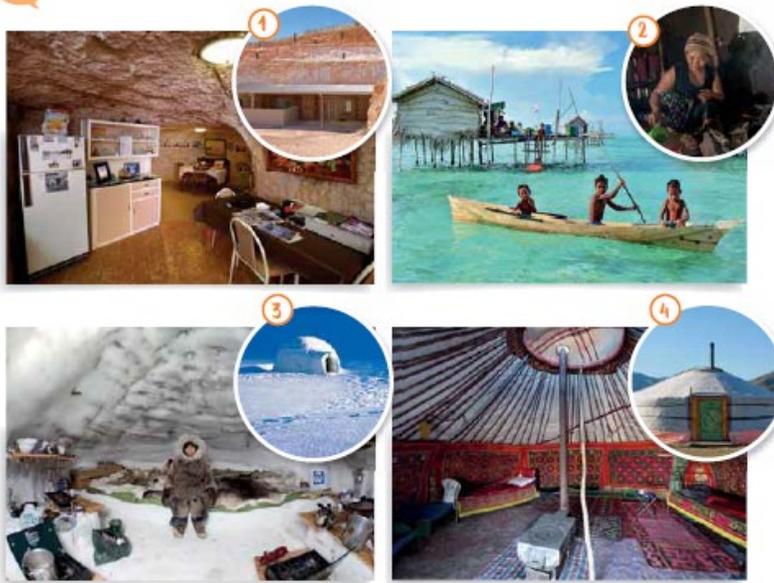

VOCABULARY Describing homes

- 1 a) Work in groups. Do you remember the story of the three little pigs? Which three **materials** did they use to build their houses? Circle.

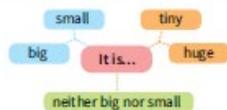

1 snow 2 animal skin 3 bricks 4 stone 5 wood 6 straw

- b) What is your house or block of flats made of?

- 2 a) **SPEAKING** Look at the pictures. What are these homes made of? Start like this: *Home number one is made of...*

- b) Which words would you use to describe each home? Which home do you like best? Why?

- 3 **READING** Match the texts to the pictures on the previous page.

Snow houses

People in cold climates use snow to make their homes. A lot of people call this type of house an "igloo". There is usually only one room for the whole family. There is a tiny entrance corridor, and there aren't any windows. It is amazing that the temperature inside is comfortable, around 15°C.

Above the ground

Some homes are not at ground level. They stand on stilts. These are long pieces of wood or metal that support the house. Stilts protect houses from floods. They also keep people safe from wild animals. In a traditional Asian stilt home the kitchen is the heart of the house.

Below the earth

Cooper Pedy is a very special town in Australia. Summers are so hot that people have built their homes underground. You may think that they are dark and stuffy, but they are not! There are all the rooms of a typical home: a kitchen, a living room, one or more bedrooms... Sleeping underground is really quiet.

Homes on the go

Nomads in Asia often live in huge, round tents called yurts. They are made from wood and animal skin. Yurts are easy to build, break down and carry from one place to another. They can be small and light or huge and heavy. There aren't any rooms inside a yurt. There are beautiful decorations on the walls.

- 4 **READING** Read the texts again. Are these statements true (T) or false (F)? If they are false, say the true sentence.

- There is a kitchen and a bedroom in each igloo.
- It is freezing cold inside an igloo.
- Underground homes are airy.
- Stilt homes keep people safe from animals and floods.
- The kitchen is the most important room in a traditional Asian stilt home.
- Yurts are never moved.

my... GRAMMAR! There is / There are

Look, think and discuss. Complete the rules with **there is** or **there are**.

- There is a tiny corridor in each igloo. There are all the rooms of a typical home.
We use _____ with singular nouns. We use _____ with plural nouns.

Make a negative sentence and a question for each example sentence above.

Let's practise more! + WB, p. 64

Grammar summary + p. 115

- 5 **READING** Complete the sentences with the information from the texts.

Use: **there is, there isn't, there are and there aren't**.

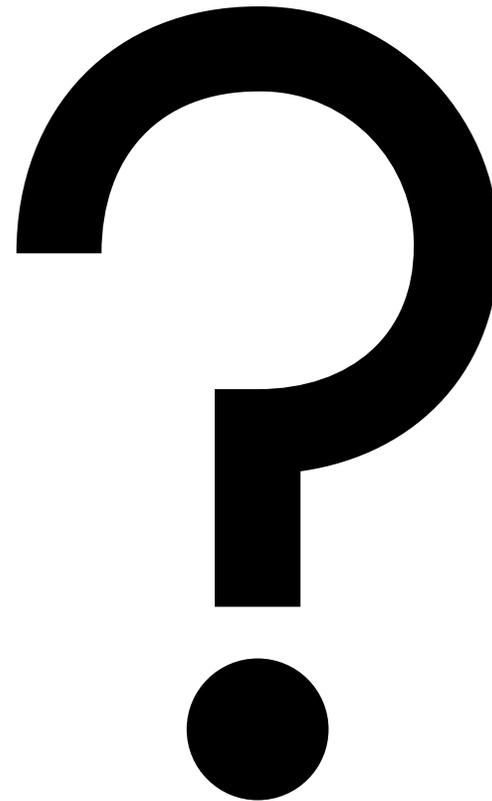

- In igloos, _____ any windows.
- _____ much noise in the underground homes of Cooper Pedy.
- _____ a big kitchen in the centre of a traditional Asian stilt home.
- _____ often beautiful decorations on the yurt walls.

PROJECT TIP!

There is / There are is used to describe places. You will need this structure for talking about your neighbourhood.

- 6 **SPEAKING AND WRITING** Work in pairs. First, talk about your home. Then answer the questions in writing.

- Do you live in a house or a flat? What is it like? *I live in... It is big/small... It is made of...*
- What rooms are there in your home? *There is.../There are...*
- Which room is your favourite? Why? *My favourite room is... because...*
- Why do you like your home? Is there anything you would like to change? Why? *I like my home... because... I would like to change... because...*

KICK-OFF!

Let's go green!

1 Look at the photos and the slogans. Answer the questions.

2 What small steps do you take to help protect the environment? Think of four things that you do every day, or on a weekly basis. Talk about it in groups. Then think of your own slogan and logo.

The future is in your hands.
Whose future is it about?

Think globally, act locally.

How can the small things we do every day help the world?

LEARNING BY DOING! PROJECT 1: WELCOME TO OUR SCHOOL!

› It's time to see how you can make a difference! It doesn't take much to make a difference at your home and school, and in your local community.

› First, present your school. Design an ID card for it. Include general information about it: its name and contact information. Maybe you already have a school logo and slogan: if not, why not design them?

› Your school's ID card can be in various forms: a leaflet, a brochure, a presentation, a poster or a short video. Or do you have another idea, perhaps?

› Follow the project tips throughout the Unit to help you with the project.

› Now it's time to let others know what things you do to make sure our world is a better place. Take photos or draw pictures. Who can you show your project to?

PROJECT TIP!

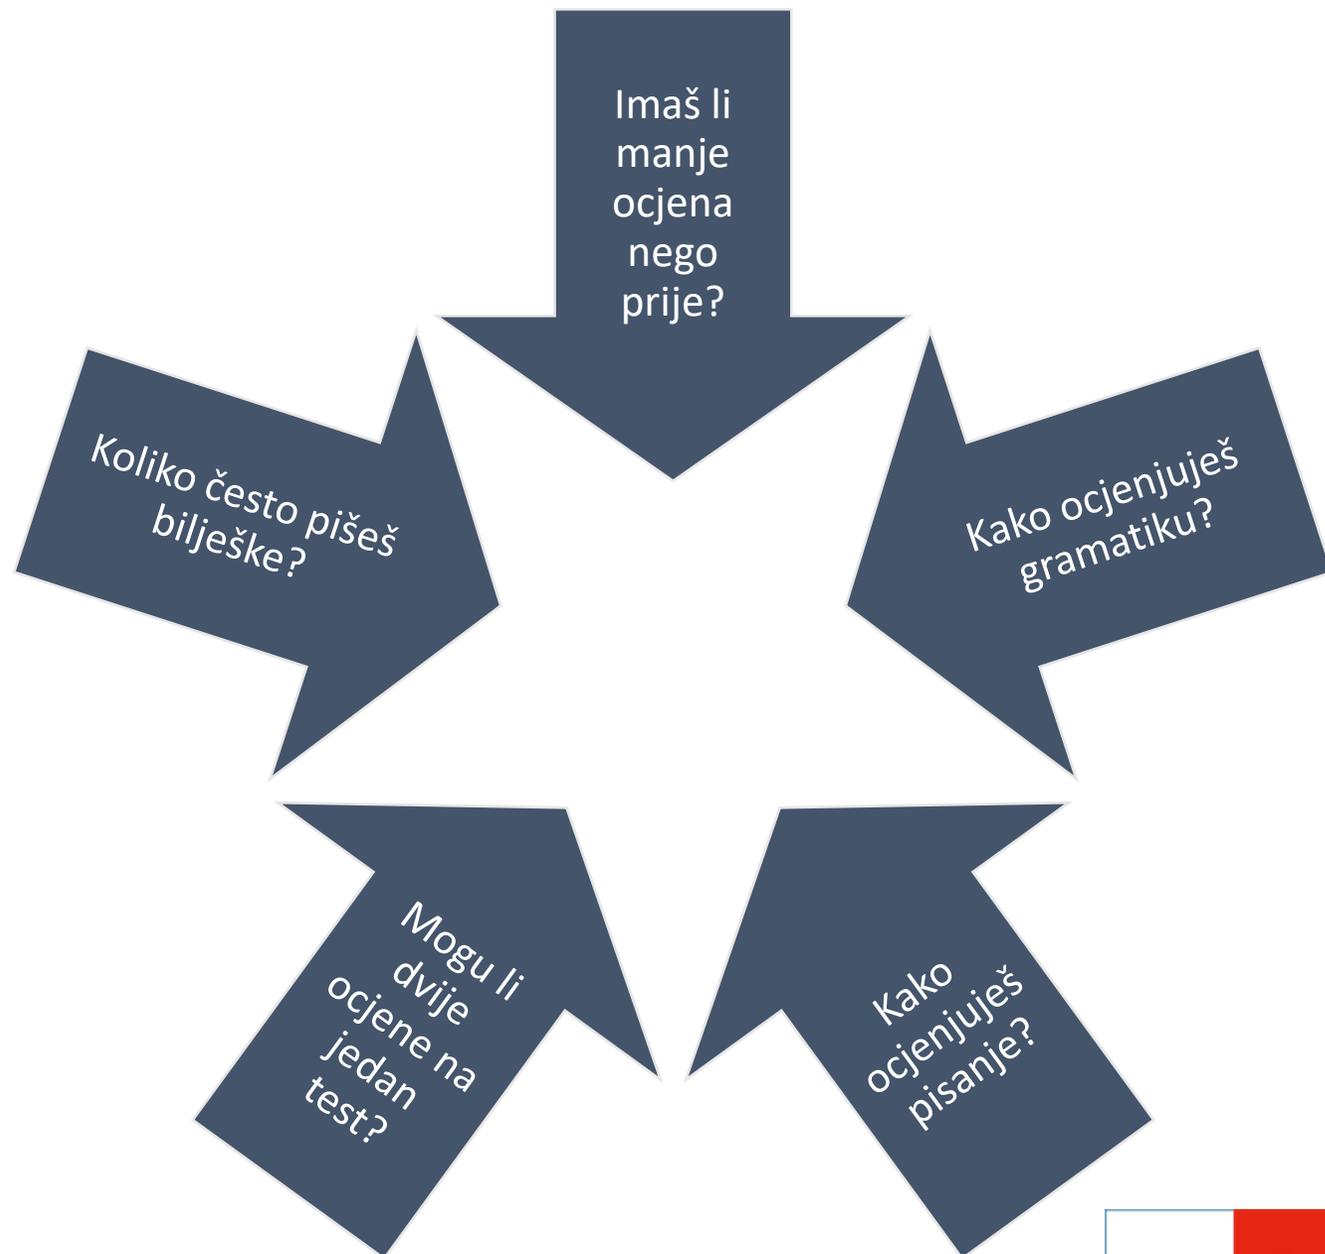

Do you have what it takes to become a successful blurb writer? If yes, think of your favourite book. Draw a book cover, and write a blurb for your school bulletin.

Show your favourite book to your classmates and talk about it. These will help you.

Pencil, paper, go!

- 2 the main part (say where you are, what you are doing and if you are having fun),
- 3 a greeting at the end, and
- 4 the recipient's address.

Where are you? What's the weather like?

MY UNUSUAL ANIMAL

I can describe an animal.

1 Kayla is reading *The Story of Doctor Dolittle*, a book by the English author Hugh Lofting. Have you read the novel or seen one of the films? What is it about?

2 Read Kayla's description of an unusual animal from Lofting's novel. Colour the parts of the text that give information about:

- 1 the name of the animal
- 2 its description (body)
- 3 its habitat
- 4 its behaviour

This is the pushmi-pullyu. It lives in the deepest jungles of Africa, but only in Hugh Lofting's novel. It doesn't really exist. The pushmi-pullyu likes to eat grass. It also uses high grass to hide from its predators.

The pushmi-pullyu looks like a mix of a gazelle and a unicorn. It has got four long legs. It has got two heads, one at each end of its body. On each head, it has got two sharp horns. The pushmi-pullyu uses its two mouths at the same time: one for eating, one for talking. And only one half of it sleeps at a time. The other head is always awake – and watching! The pushmi-pullyu is very shy and timid, as animals often are.

I like the pushmi-pullyu because it's very unusual. I think it's beautiful, too. I love its horns, because they remind me of unicorns.

Pencil, paper, go!

Describing an animal
Look at Kayla's description. Her text has three paragraphs. What is each paragraph about? Match.

Paragraph 1 Introduction
Paragraph 2 Main part
Paragraph 3 Conclusion

- Say what you think of the animal. Explain why.
- Describe what your animal looks like and is like.
- Give basic information about your animal. Write its name and where it lives.

3 **WRITING** Think of an unusual animal. Draw and colour your animal. Then write a short description. Use the questions below to help you.

- Paragraph 1 What is its name? Where does it live?
Paragraph 2 What does it look like? What is it like?
Paragraph 3 What do you think about it? Why?

ONE MORE LOOK!

Check and tick. ✓

- I have written three paragraphs.

dobar preporučuje se koristiti prilikom kriterijskog vrednovanja kao jednu od srednjih razina.

Može li se pri jednom vrednovanju dati više ocjena za različite elemente vrednovanja?

Prilikom vrednovanja kompleksnih zadatka nužno je koristiti rubrike za vrednovanje s razrađenim kriterijima vrednovanja te se tada u načelu može dati više od jedne ocjene ako se vrednuje više od jednog elementa vrednovanja.

"Well, you have a subject and a predicate,

READING

TRICKS OF THE TRADE

Before you allow your students enough time to do the reading part of the Revision, you may choose to go through the exercises with them. Have them read the tasks and:

- either explain in more detail what they should do in each,
- or have them ask you questions if they do not understand something.

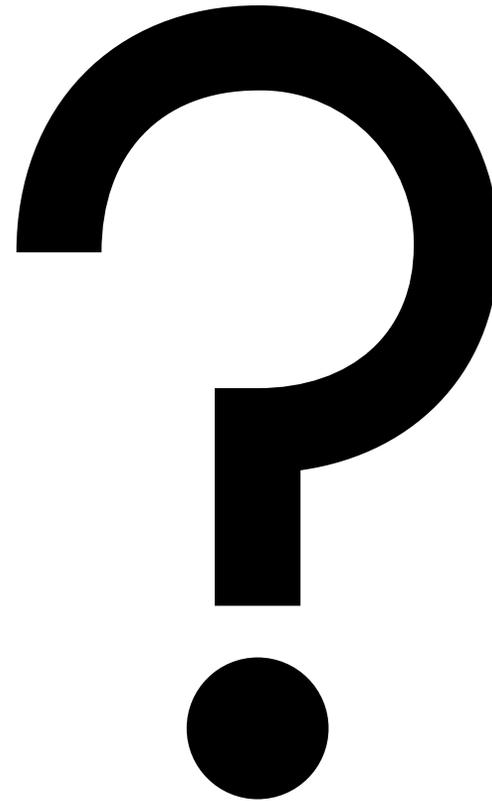

It is important that students understand what is expected from them in each exercise. Instruct them to look at the first example of each task, which has already been done for them.

Finally, if you feel confident your students will understand the exercises, you may have them read the instructions and example sentences on their own. This way you prepare them for exam situations where tasks will not be explained to them. Tell your students they are allowed to ask for more information about the task itself, but bear in mind that some students may not do this for various reasons (they might feel embarrassed to do so, for example).
