Let's play!

Who do you work for?

What is your main task?

Teacher's task is creating an environment in which learning can occur.

L. Cameron: Teaching Languages to Young Learners, CUP2001

TRUE or FALSE?

- Student's books provide enough teaching materials so I don't have to create my own.
- I regularly use workbooks for language practice and homework.
- I often create my own teaching materials.
- In my class preparation I rely considerably on teacher's books.
- I don't frequently have time to use supplementary resources from the coursebook package.

TRUE or FALSE?

- Flashcards, posters and various teaching props are indispensable in everyday classroom.
- I combine materials from different coursebook packages.
- I don't use coursebook tests because I prefer to design my own.
- I advise my students to buy worksheets for additional practice.
- I rarely use digital resources owing to the lack of adequate technical support.

Balloon Debate

- Speak with your mind... and heart
- Focus on what matters and why
- Listen, decide and explain

Let's work(book) together!

One more thing...

Christmas Taboo
